KELSEY'S Hardy American Plants Rhododendrons, Azaleas, and Specimen Evergreens

I. Catalog of BOXFORD NURSERY Boxford, Massachusetts

II. Catalog of HIGHLANDS NURSERY 3,800 FEET ELEVATION Pineola, North Carolina

AT BOXFORD NURSERY (East Boxford, P. O.), on the Georgetown branch of the B. & M. R. R., may be seen growing the choicest collection of specimen nursery stock, selected for the most discriminating buyers. Special attention is given to hardy native plants, which must always be the basis of successful permanent plantings.

SPECIMEN STOCK. There is a growing demand for fine specimen stock in Conifers, Rhododendrons, Kalmias, Andromedas, and other evergreens, and Boxford Nursery is established to supply this need.

Landscape architects, park and cemetery superintendents, and the owners of large estates will find it of great advantage to visit Boxford Nursery and personally select material in the nursery row.

PRICES are made to fit the quality of stock sent out. Few realize that the real value of nursery stock is largely underground. Frequent transplanting, and handling specimens with adequate, burlaped balls, means success and quick results. It costs more, but it is the fixed policy of the Boxford Nursery; and "cheap" stock will not be handled or sent out. **The best is always the cheapest.**

HIGHLANDS NURSERY SHIPMENTS are made from Pineola, N. C., freight station, and prices in this list are made on this basis. Freight and express rates gladly quoted. Via Norfolk steamship lines, deliveries to northern and eastern points are quick and rates are low.

SHIPMENTS OF "COLLECTED" RHODODENDRON MAXIMUM and KALMIAS are from my special fields in Pennsylvania and the South, depending on destination and quality of stock desired. The best clumps come from the South, from high altitudes. "**Collected**" *Rhododendron catawbiense* comes only from the South.

MY NURSERIES ARE UNIQUE, being the first to grow Native American Ornamentals, and having the only large and complete stock of Hardy American Plants in existence.

SHIPPING BEGINS IN AUGUST, when I send out large Rhododendrons, Kalmias, and other evergreens, and bulbs and herbaceous plants, general stock going out in October and November; and in spring from about March 1 to May 15. Give shipping instructions, unless you wish to leave it to me, when I use my best judgment, but **assume no risk.**

EXPORT SHIPMENTS reach the most remote countries in perfect condition. I have exported for over twenty-five years, and know how to pack. Quarantine and the great war, however, have left open practically only Holland and Great Britain to our shipments.

DESCRIPTIVE CATALOGS, illustrated, are mailed on request, and advice on the right way to grow Rhododendrons, Azaleas, and other native plants is gladly given. Send for "How to Grow Rhododendrons Successfully."

VISITORS ARE ALWAYS WELCOME. Boxford Nursery is easily reached by train or automobile, and Mr. Kelsey will be glad to meet prospective customers at the nursery by appointment.

A visit to Boxford Nursery during the blooming season of Rhododendrons and Azaleas is especially worth while.

HARLAN P. KELSEY, Owner
Office, Hawthorne Bldg., 209-A Washington St., SALEM, MASS.

Telephone Connection

CATALOG OF BOXFORD NURSERY

NOTE: All plants are transplanted and nursery-grown unless plainly marked otherwise.

The larger sizes are always shipped with balls and are burlaped, which means they will grow.

Special selection is always charged at special price. The prices in this catalog cover the average good grade as they run in the nursery row. Where specimens are picked, a price will be made to fit the specimen.

Evergreen Trees and Shrubs

	Each	10	100	1,000
Abies arizonica. 4 to 5 ft....	\$5 00			
concolor. White Fir. 1 to 1½ ft....	1 00	\$8 00

crenata. 1 to 1½ ft....	1 60	15 00		
1½ to 2 ft....	2 25	20 00		
opaca. 1 ft....	75	6 00		
Juniperus chinensis albo-variegata (<i>argentea</i>). 1 to 1½ ft....	75	6 00		
chinensis pfitzeriana. 2 to 3 ft....	1 50	12 50		
chinensis procumbens. 1½ to 2 ft.	1 00	9 00		
communis aurea. Golden Common Juniper. 2 to 3 ft....	1 00	8 50		
3 to 4 ft....	1 50	12 50		
Juniperus communis depressa. Prostrate Juniper. Without doubt this is the best prostrate form of Juniper for ground-cover. It is at home on sandy or gravelly hillsides, fully exposed to the sun, where single plants often reach a diameter of 15 feet or more. In shade it does well where other shrubs or grass will not thrive, forming a looser covering, however, than in the open. It varies in form from the completely prostrate type to the ascending type. 2 to 4 feet high. We have several thousand transplanted specimens to select from, up to 8 feet in diameter.				
6- to 12-in. spread....	\$0 50	\$4 00	\$30 00	
1- to 1½-ft. spread....	75	6 00	50 00	
1½- to 2-ft. spread....	1 25	10 00	90 00	
2- to 3-ft. spread....	1 75	15 00	130 00	
3- to 4-ft. spread....	2 50	20 00	180 00	
Larger specimens up to....	15 00

7 to 8 ft.	8 00	75 00	700 00	
8 to 10 ft.	10 00			
caroliniana. Carolina Hemlock. The only stock of large <i>T. caroliniana</i> in existence that we know of. Specimens from 4 feet up are feathered to the ground and compact and dense. They have been transplanted until they have very large solid balls which are lifted with the plants. The particular attention of nurserymen is called to the fine young stock of transplanted plants which I can offer in 1,000 and 10,000 lots. It is the coming American evergreen for the finest plantings.	Each	10	100	1,000

LILACS ON THEIR OWN ROOTS

Fine collection of some of the best and newest hybrids in specimen stock. It is only recently that **Lilacs on their own Roots** were obtainable.

Ordinary stock is **grafted on Privet**, which "suckers" badly, often crowding out and killing the grafted top and leaving a Privet instead of a Lilac. The Lilac is the queen of spring-flowering shrubs, and the new hybrids mark an epoch in horticulture. For a tall hedge or screen there is nothing better than the Lilac, and for this purpose the old-fashioned white and purple sorts make a charming combination.

D—double varieties; S—single varieties.

		\$1 50	\$12 00	
		2 00	18 00	
<i>bolanderi.</i> 1 to 3 ft. Very rare. Deep crimson-red flowers, dotted purple, bell-shaped. Give rich, sandy soil, and good drainage.....		5 00	40 00	

KELSEY'S Hardy American Plants

Rhododendrons and Azaleas

Catalog of BOXFORD NURSERY

HARDY HERBACEOUS PERENNIALS, continued

Lilium canadense.	Wild Yellow Lily. 2 to 5 ft.	10	100	1,000
Yellow or orange, usually spotted with brown. July. Very persistent, becoming permanently established. Loves deep, rich soil and shade, but stands open sun well.				
2nd size.....	\$0 60	\$5 00	\$36 00	
1st size.....	1 00	7 00	60 00	
candidum.	Madonna Lily. 2 to 4 ft. Flowers many, in a raceme, pure white and very fragrant. Very ornamental, though subject to disease.....	1 25	10 00	80 00
carolinianum.	Carolina Lily. 1 to 3 ft. Rare species of recurved type. Flowers orange, very fragrant, one to three on a stem. Stands dry conditions well. 2nd size.....	1 00	7 00	60 00
	1st size.....	1 25	10 00	
columbianum.	2½ to 3 ft. Small flowers, resembling <i>L. humboldtii</i> ; bright golden yellow spotted with maroon. 2nd size.....	2 00	16 00	
	1st size.....	3 50	25 00	
grayi.	1½ to 3 ft. Introduced by me in 1888, it has proved the leader in the bell-shaped type of hardy Lilies. Dark red-brown petals, beautifully spotted. An exquisite species and very rare. Bulbs are never large.			
2nd size.....	1 00	6 00	50 00	
1st size.....	1 25	10 00	80 00	
hansoni (maculatum).	3 to 4 ft. Japanese species; very hardy. Flowers in loose racemes, bright orange strongly marked with purple spots on lower half.....	7 00	60 00	
puberulum (humboldtii).	4 to 6 ft. Stout stems; large, orange-red flowers, finely spotted. Should have very rich soil. 7 to 8 in.	3 00	18 00	140 00
	8 to 9 in.....	3 50	25 00	180 00
	9 to 11 in.....	6 50	40 00	
kelloggi.	Slender stem, 3 to 4 ft. high, with three to fifteen pink flowers. Revolute type. Very fragrant.....	6 00	40 00	
maritimum.	1 to 2 ft. Dark red, funnel-shaped flowers. Give moist, boggy situation. 6 00	40 00		
pardalinum.	3 to 6 ft. Very leafy stems. Very showy flowers, orange centers and crimson tips. A bog variety, but thrives if kept well mulched. Single eyes	1 25	10 00	
	Heavy.....	1 75	12 00	
parryi.	Slender, leafy stem 3 to 5 ft. high. One of the few yellow-flowered varieties; trumpet-shaped; very fragrant. A very difficult species to grow, and must have moist location to thrive. Medium.....	6 00	40 00	
	Large.....	7 00	60 00	
parviflorum.	Small variety. Very similar to <i>L. pardalinum</i> , but flowering much earlier. 2 50	20 00		
parvum.	Small bog Lily. 3 to 4 ft. high; small bell-shaped flowers, orange with crimson tips. Should have cool bog conditions to thrive well. Medium.....	3 50	25 00	
	Large.....	6 00	40 00	
philadelphicum.	1 to 2 ft. Terminal, upright flowers are bright red with dark spots near center. Stands sunny, dry situations better perhaps than any other Lily.....	1 00	8 00	60 00
rubescens.	3 to 5 ft. Tubular, very fragrant flowers, white, dotted purple, changing later to deep purple. Requires rich soil and perfect drainage.....	6 50	45 00	
speciosum album.	2 to 4 ft. All the varieties of <i>L. speciosum</i> are good among Rhododendrons or shrub borders if planted near the edge, blooming up to frost. 8 to 9 in.....	2 00	18 00	160 00
	9 to 11 in.....	3 50	25 00	220 00
speciosum melampome.	Fiery red variety; very floriferous. 8 to 9 in.....	1 50	12 00	100 00
	9 to 11 in.....	2 00	16 00	140 00
speciosum rubrum.	Dark purplish red flowers. Probably the best variety for the ordinary garden. 8 to 9 in.....	1 50	12 00	100 00
	9 to 11 in.....	2 00	16 00	140 00
superbum.	Turk's-Cap Lily. 3 to 6 ft. No description will do justice to this magnificent American Lily. Golden, recurved petals, flowering in perfect pyramids, often forty on a single stalk. A clump is literally a blaze of scarlet and gold. 3rd size.....	40	2 00	18 00
	2nd size.....	75	5 00	30 00
	1st size.....	1 00	8 00	60 00
tenuifolium.	Siberian Coral Lily. 1 to 2 ft. Flowers one to twenty on rather short raceme, nodding, rich scarlet. Does well in ordinary garden soil.....	1 50	12 00	100 00
tigrinum.	Tiger Lily. 2 to 5 ft. An old-fashioned variety of very easy culture. Flowers three to ten, nodding, bright red, thickly spotted with bright purplish spots. Ordinary garden soil.....	1 00	8 00	60 00

Trillium sessile californicum.	12 in. Each	10	100	1,000
Very large leaves; flowers pure white and fragrant.....		\$0 75	\$6 00	\$50 00
sessile, Snow Queen. Same, with broader petals; white flowers with creamy centers.....		75	6 00	50 00
sessile rubrum. Same, with narrow petals; deep reddish purple.....		75	6 00	50 00
stylosum. Nodding Trillium. 1 to 1½ ft. Our rarest mountain species. April and May. Large, wavy petals of beautiful pink. 2nd size.....		60	4 00	30 00
1st size.....		75	6 00	40 00
undulatum (erythrocarpum). Painted Wake Robin. 8 in. Earliest, blooming in April. Showy flowers and fruit; white, with pur- ple stripes. 2nd size.....		60	4 00	30 00
1st size.....		75	6 00	40 00
Thalictrum cornutum.	\$0 15	1 00	8 00	
Typha latifolia. Cat-tail.....	15	1 00	8 00	
Veronica rupestris.	20	1 25	10 00	
Viola cornuta.	15	1 00	8 00	60 00
pedata.....	15	1 00	8 00	
pedata bicolor.....	25	1 75	14 00	
Yucca flaccida. Clumps.....	50	4 00		
glauca. Adam's Needle. Green.....	30	2 50		

Hardy Native Ferns

Sizes following Ferns indicate the size the plant may be expected to attain under cultivation.

		10	100	1,000
Adiantum pedatum. Maidenhair Fern.				
8 to 20 in.....	\$1 00	\$8 50	\$75 00	
Asplenium angustifolium. 3 to 4 in.....	1 25	10 00		
ebeneum. 9 to 18 in.....	1 00	8 00		
filix-foemina. Lady Fern. 16 to 40 in.....	1 00	8 00		
trichomanes. Silvery Spleenwort. 24 to 36 in. 1 00	8 00			
Botrychium ternatum dissectum obliquum.				
4 to 16 in.....	1 00	8 00		
virginianum. Virginia Grape Fern. 12 to 24 in. 1 00	8 00			
Camptosorus rhizophyllus. Walking Fern.				
4 to 12 in.....	1 25	10 00		
Cheilanthes fendleri. Lip Fern.....	4 00			
Cystopteris bulbifera. Bladder Fern. 12 to 24 in. 75	6 00			
fragilis. Brittle Fern. 4 to 12 in.....	1 00	8 00		
Dicksonia punctilobula. Hay-scented Fern.				
20 to 40 in.....	1 00	8 00	60 00	
Dryopteris (Aspidium) acrostichoides. Dagger				
Fern. 8 to 20 in.....	75	6 00	50 00	
brauni. 16 to 36 in.....	1 50	12 50		
cristatum. 12 to 24 in.....	75	6 00		
clintonianum. 16 to 52 in.....	1 00	8 50		
filix-mas. 12 to 44 in.....	1 50	12 50		
goldieana. Goldie's Fern. 24 to 40 in.....	1 50	12 50		
marginalis. Shield Fern. 12 to 28 in.....	75	6 00	50 00	
munitum. Chamisso's Shield Fern.....	2 00	17 50		
noveboracensis. New York Fern.....	75	6 00		
spinulosa. Spinulose Shield Fern.....	1 00	8 00		
spinulosa dilatatum. Broad fronds.....	1 50	12 50		
thypteris. Marsh Shield Fern.....	1 00	8 00		
Lygodium palmatum. Climbing Fern.				
12 to 36 in.....	1 50	12 50		
Onoclea sensibilis. Sensitive Fern. 4 to 12 in.....	1 00	8 00	60 00	
struthiopteris. 2 to 10 ft.....	1 00	8 00		
Ophioglossum vulgatum. 12 to 42 in.....	1 00	8 00		
Osmunda cinnamomea. Cinnamon Fern.				
32 to 63 in.....	1 50	12 00	100 00	
claytoniana. Clayton's Fern. 24 to 36 in.....	1 50	12 00	100 00	
gracilis. 2 to 6 in.....	1 00	8 00		
regalis. Royal Fern. 12 to 63 in.....	1 50	12 00		
Pellaea atropurpurea. Purple-stemmed Cliff				
Brake. 4 to 24 in.....	1 50	12 00		
densa.	1 00	8 00		
gracilis. Slender Cliff Brake. 2 to 6 in.....	1 50	12 00		
Phegopteris dryopteris. Oak Fern. 6 to 10 in.....	1 00	8 00		
hexagonoptera. Broad Beech Fern. 7 to 12 in..	1 00	8 00		
polypodioides. 4 to 8 in.....	1 00	8 00		
Polypodium falcatum. 6 to 15 in.....	1 25	10 00		
vulgare. Polypody. 3 to 6 in.....	75	6 00	45 00	
Pteridium aquilinum. Common Brake.				
4 to 36 in.....	75	5 00	30 00	
Scolopendrium vulgare.	3 00	20 00		
Woodsia ilvensis. Rusty Woodsia.....	1 00	8 00		
obtusa. Blunt-lobed Woodsia. 8 to 20 in.....	1 00	8 00		
Woodwardia angustifolia.	1 50	12 50		
virginica. Virginia Chain Fern. 24 to 64 in.	1 00	8 00		

CATALOG OF HIGHLANDS NURSERY**PART II**

At my Highlands Nursery, Pineola, North Carolina, 3,800 ft. elevation, on the crest of the Alleghany Mountains, one may see Rhododendrons, Azaleas, Leucothoës, Kalmias, and Andromedas growing in all sizes by tens of thousands in single species, and nowhere else can be found such a collection of rare American plants of unquestionable hardiness—the best for American gardens.

The Carolina Mountains is the native home of the most beautiful Broad-leaved Evergreens and Ericaceous Shrubs. Highlands Nursery not only ships direct to customers, but is a great propagating plant, supplying material for my Boxford Nursery.

DECIDUOUS AND EVERGREEN Trees, Shrubs, and Woody Vines

NOTE.—All plants are transplanted and nursery-grown, unless plainly marked otherwise.

This is a catalog of nursery-grown plants growing at my Highlands Nursery, Pineola, North Carolina.

KELSEY'S HARDY SPECIMEN
EVERGREENS

Catalog of HIGHLANDS NURSERY

Rhododendrons and Mountain Laurel

"COLLECTED" CLUMPS

BY THE CARLOAD

Delivered at your station. To be shipped from point determined by me

For the area covered and effect produced, a carload of Rhododendrons or Kalmias, offered below, is the cheapest landscape proposition offered. I ship an unusual grade of splendid clumps, each plant a specimen and burlaped separately. Don't accept cheap stock, thrown into cars without burlap, and with the fine, hair-like rootlets inevitably exposed. You will be disappointed and find it expensive in the end. While fine results may be had from "collected" Rhododendrons, particularly if purchased from a reliable source, where greatest care is used in digging and handling, results are never so sure as when nursery-grown stock is used.

Rhododendron catawbiense "Collected" Clumps

Each plant collected from the open. Prices, delivered f. o. b. your station, if east of the Mississippi River. These prices are net and subject to no discount. Burlap is not charged extra on these special car offers.

Car containing 200 clumps, 1 to 3½ ft., for.....	\$280 00
Car containing 300 clumps, 1 to 3½ ft., for.....	380 00
Car containing 400 clumps, 1 to 3½ ft., for.....	480 00
Car containing 600 clumps, 1 to 3½ ft., for.....	600 00

Other combinations and sizes quoted on request.

Rhododendron maximum "Collected" Clumps

Prices in carload lots, delivered f. o. b. your station, if east of the Mississippi River. Collected from open ground. These prices are net and subject to no discount. Burlap is not charged extra on these special car offers.

Car containing 300 clumps, 1½ to 4 ft., for.....	\$300 00
Car containing 400 clumps, 1½ to 4 ft., for.....	375 00
Car containing 600 clumps, 1½ to 4 ft., for.....	500 00

Other sizes or combinations will be made up to suit customers. It is far cheaper to buy my kind at slightly increased price, and have plants that will grow.

Rhododendron maximum and R. catawbiense "Collected" Clumps by the carload

Mixed cars, delivered free at any station east of the Mississippi River. These prices are net and subject to no discount. Burlap is not charged extra on these special car offers.

Car containing 150 maximum and 150 catawbiense, collected as above. 1½ to 4 ft., clumps,—total of 300—for \$400. Car containing 250 maximum and 250 catawbiense, 1½ to 4 ft., clumps,—total of 500—for \$550.

Kalmia latifolia (Mountain Laurel)

"Collected" Clumps by the Carload

Highest-class clumps collected from the open, delivered free at your station, if east of the Mississippi River. These prices are net and subject to no discount. Burlap is not charged extra on these special car offers.

Car containing 400 clumps, 1 to 3½ ft., for \$375. Kalmia may be added to help fill any Rhododendron car at 90 cts. per clump, not less than 100 clumps in shipment.

The above "Carload" offers are made with a view of furnishing a variety of sizes that will permit of naturalistic grouping.

Have your clumps burlaped. It is the only proper way to handle specimen plants. See next page for cost

KELSEY'S Hardy American Plants
Rhododendrons and Azaleas
Catalog of HIGHLANDS NURSERY

"Collected" Rhododendrons and Kalmia by the 100 and 1,000

The number that may be shipped in a car varies largely, depending on sizes. The minimum weight allowed per car is 16,000 pounds, with a freight rate from my Highlands Nursery to Baltimore of \$84, New York \$88, and Boston \$96.

A car may easily be loaded much heavier, with proportionate increased freight charge, but not increasing the cost per plant.

A full car travels with greater safety than one with a small load.

All "Clumps" offered below are collected with a good ball and are burlaped separately.

Burlap is charged at cost, as below. We always burlap clumps unless expressly ordered otherwise.

PRICES OF "COLLECTED" CLUMPS OF RHODODENDRONS AND KALMIAS

Rhododendron catawbiense.	Each	10	100	1,000
1 to 2 ft., "collected" cl....	\$1 50	\$10 00	\$80 00	\$700 00

3 to 4 ft., "collected" cl....		17 50	150 00	1,300 00

BURLAPING

It always pays to burlap the larger sizes of trees and shrubs, especially evergreens, even if planted the same day. No charge is made for burlapping single plants as quoted. Otherwise burlapping is charged as follows:

2 to 3 ft., clumps and trees, 5 cents each
3 to 4 ft., clumps and trees, 7 cents each
4 to 6 ft., clumps and trees, 8 cents each
6 to 8 ft., clumps and trees, 10 cents each

and larger sizes in proportion. Unless instructed to the contrary, I assume customers desire proper burlapping, which will be added to the invoice.

TERMS

Terms cash, or satisfactory references from unknown parties. Accounts due the first of each month, unless by special arrangement. 5 at 10 rates; 50 at 100 rates; 500 at 1,000 rates.

Prices Quoted are for grades as specified. For extra selection an extra charge is made to fit the value of the plants.

Send Foreign Remittances by Postal Money Order, drawn on Salem, Mass., post office; or by New York or Boston Exchange. An American dollar equals four shillings, four marks or five francs.

Packing charges, except burlap, free, at prices in this catalog for shipment by freight or express. Team and auto delivery to North Shore or Boston points at reasonable cost.

GUARANTEE

No guarantee, expressed or implied, is made that stock will grow whether planted by me or not.

Having no control over after treatment of plantings, or over weather conditions, it is obvious that purchaser must assume all responsibility after delivery in good condition.

All shipments travel at consignee's risk, and transportation companies must be held liable for damage in transit.

Claims for errors must be made on receipt of goods. If there is any mistake or fault on my part it will gladly be rectified.

Landscape Forestry. Evergreen seedlings and transplants in large quantities are grown at both nurseries in the choicest species. We do Landscape Forestry, treating woodlands from a **Landscape standpoint** as well as for commercial uses. Mr. Kelsey is open for consultations and engagements. Always address,
